CINNAMON & BEER

a romantic Christmas comedy

a fresh and spicy holiday tale about the sparkle of sweet beginnings in challenging times

One week before Christmas, on an especially cold winter evening a miracle is needed

Stranded in Germany to care for the two recently orphaned children of her half-sister, 40ish songwriter Maria becomes suddenly homeless. Virtually broke SHE needs a friend - or at least a place to crash for the night.

Joe is a cool Munich Uber driver in his mid fifties. Single and carefree HE takes pride in his vintage Mercedes. Playing guitar in a local band almost lets him forget a tragic loss in his past.

When Joe picks up Maria, Bene (14) and Anna-Sophie (6) he has no idea that getting stiffed at the height of the holiday season will be the least of his troubles.

Joe needs to prep for the Christmas performance of his band and a car filled with broken dreams is not exactly what HE asked of Santa...

All Maria wishes for Christmas is to finally arrive somewhere safe with her two wards before HER baby will be born...

Bene and Anna-Sophie start to like "Cowboy Joe" and want to celebrate Christmas together - pleeease...

Miraculously, Cupid's arrow begins to pierce Joe's heart and he invites Maria, Bene and Anna-Sophie to his parents' farm in the Bavarian Alps

In his village Joe gets into hot waters for bringing home three strangers for the holidays

Maria und the children discover a wonderland of ancient tales and new promises...

....until the baby is born

In this romantic comedy a spicy tale of loss & love celebrates the true spirit of Christmas
